One role of the Greenstone Public Library is to serve as an access point for current information on community organizations and services. Notices and posters will be displayed on the bulletin boards of all library branches as space is available with the following considerations:

1. Material for posting or distribution within the Library must be deposited at the service desk for approval by the Librarian.
2. Material advertising commercial endeavours is not displayed unless the project is specifically related to the objectives of the Library and the permission of the Librarian has been granted beforehand.
3. Material advertising events for non-profit organizations will be displayed with the approval of the Librarian.
4. The Library Board does not necessarily support the aims and objectives of the groups whose material may be displayed in the library, nor is it required to display all material submitted.
5. The notices and posters will remain on display for a time mutually agreed to or until just after the event has been held.

The Librarian accepts approved materials for display depending on available space. All articles on display will be left at the owner's risk. The Library does not assume responsibility for the loss, defacement or return of materials to organizations or individuals.

No sales are permitted in the library except for sales or fundraising events of a special local community nature or events that are co-sponsored by the library, and authorized by the Librarian beforehand.

No soliciting will be allowed in the library.
